## AUDUBON SOCIETIES.

Through the generosity of Mrs. Russell Sage, the National Association of Audubon Societies is at present able to make the following offer of assistance to those teachers in the southern states who are interested in giving instruction to pupils on the subject of bird study. To form a junior Audubon class for bird study, a teacher should explain to the pupils of her grade (and others if desired) that their object will be to learn all they can about the wild birds and that every one who becomes a member will be expected to be kind to the birds and protect them. Each pupil will be required to pay a fee of 10c each year. When ten or more have paid their fees, the teacher will send their money to the southern office of the association, Greensboro, N. C., and give the name of the Audubon class and her own name and address. The association will then forward to the teacher for each pupil whose fee has been paid, the beautiful book "Audubon's Birds," and a set of ten colored pictures, together with outline drawings and leaflets. The teacher will also receive free of cost the splendid magazine, "Bird-Lore," which contains many suggestions for teachers. It will be expected that the teacher give at least one lesson a month on the subject of birds, for which purpose she will find the leaflets of great value as a basis for the lessons. All teachers interested in bird study are encouraged to correspond freely with the association whenever it is thought the slightest assistance can be rendered them. Miss Katherine Stutz, of Alexandria, is the field agent for Virginia, of the Audubon Association.

## THE GRIP OF WINTER.

The snow which began to fall at an early hour yesterday morning continued throughout the day and night. At an early hour this morning the snow was about six inches deep on a level, with the mercury several degrees below the freezing point and a rigid northeast wind prevailing. There were heavy flurries at times last night. The grating of shovels which were being used by many in clearing snow from pavements, was heard during the early part of the day. The street department had placed an improvised snow plow on the thoroughfares which made a roadway for vehicles. The contrivance was in the shape of a capital A and was drawn by two horses. The steamer Southland arrived up from Norfolk about on time and the storm has not materially interfered with the running. Most of the trains however, were somewhat late this morning in arriving and departing. The electric railway company operated single cars and made comparatively good time. There was one delay of about half an hour in Washington, caused by the temporary derangement of the underground electric works. Hail, snow and rain have prevailed at times today.

## MISS DAINGERFIELD TO MARRY.

The marriage of Miss Katherine Daingerfield, daughter of the late Henry Daingerfield, of this city, and Mr. Carroll Wilson Rasin, son of the late Mr. and Mrs. L. Rasin, of Baltimore, will take place at noon tomorrow in Trinity Church, Georgetown. The ceremony, which will be a quiet one with only the two families present, will be performed by Father Conway. Miss Daingerfield made her debut in Baltimore two years ago, since which she has spent much time there as the guest of her aunt, Mrs. George C. Jenkins, and her cousin, Mrs. Ral Parr. She is handsome and accomplished and has traveled extensively in Virginia and through her mother, who was Miss Virginia Key; her Maryland connections are equally prominent. This will be the second marriage between the two families, Mr. J. S. Barbour Daingerfield, brother of Miss Daingerfield, having married Miss Alice Rasin, the sister of Mr. Carroll Rasin.

## CRUSADE AGAINST SLOT MACHINES.

The first movement in a crusade against gambling in Richmond was inaugurated yesterday morning when Justice Crutchfield filed Peter Traifer, a confectioner, \$30 for operating a lottery game in which the winnings were paid in candies. The Court said: "Every merchant in Richmond will be fined unless these games of chance are stopped at once. There will be no discrimination. The instant a citizen complains the police are prepared to act, and all offenders will be arrested and dealt with severely."

The grand jury in Roanoke yesterday brought in indictments against J. R. Coles and J. S. Gray, who are charged with maintaining slot machines contrary to the state law. These men own a number of machines, which are in operation in saloons, cigar stands and poolrooms. The machines pay checks good in trade, but not money. Regardless of the fact that they are being operated under a city license, the commonwealth will press the cases. The men who have the machines in their places will not be prosecuted, but will be ordered to remove them. Many similar machines are in operation in Alexandria.

## TAX SALE.

Twenty pieces of property on which back taxes of \$208.76 are due was sold at public auction this morning by City Tax Collector P. F. Gorman. This is the smallest number of delinquents in recent years. Just before the sale several pieces of the property were redeemed and the remainder was bought in by the city. The sales this morning amounted to \$109.60 with the cost of sales added.

## TELEGRAPHIC INNOVATION.

The Western Union Telegraph Company (R. L. Stultz, manager, Alexandria), announced an innovation in the telegraph service, called the special ocean mail service, designed to save time in foreign correspondence. A letter from San Francisco to London requires as much time crossing the continent as it does crossing the ocean. A New York merchant writing to Yokohama must post his letter practically a week before the mail steamer leaves San Francisco or Vancouver. The Western Union has arranged for the use of its night letter and other telegraphic service in connection with outgoing ocean mail, so that this week trans-continental time may be saved. Its New York office will receive telegrams from any part of the country destined to Europe and addressed and will forward them in a sealed specially addressed envelope by the first outgoing Atlantic steamship mail. The same plan will be followed from San Francisco, Seattle and Vancouver for Pacific mails. This will enable correspondence to be dispatched from any part of the United States for an ocean mail within a few hours of sailing time. The only charge in addition to the usual telegraph tolls to the ocean mail port will be five cents for postage. Telegrams should bear the full mail address of the foreign correspondent to whom they are intended and marked "care of ocean mail." New York, San Francisco, Seattle or Vancouver as the case may be. No charge will be made for the address.

## CONFEDERATE VETERANS.

R. E. Lee Camp, Confederate Veterans, held their regular monthly meeting at their hall last night, Commander W. A. Smoot presiding. An invitation from the Cameron Club to be present at an address to be delivered by Col. Hillary A. Herbert, (formerly secretary of the navy), before that organization on Monday night next was received and accepted. His subject will be "Reminiscences." Mrs. C. C. Berryman, who has proved herself a sincere friend of the camp by her previous donations to the museum and library, has again presented to the camp a valuable collection of pictures and books for the same, for which the adjutant was directed to extend the thanks of the camp. Thanks were also rendered to Capt. Matt Kenney for the contribution of a Confederate muster roll.

Comrades Ramsay, Warfield, Hammond, Davidson, Gorman and Latham were appointed a committee to make all arrangements for the observance of General R. E. Lee's birthday, Thursday, January 19th, 1911. Commander Smoot was appointed to procure orators for that occasion. The committee to prepare resolutions in the death of their late comrade T. E. Jasper, made their report which was ordered to be spread upon the minutes and a copy sent to the family of the deceased. Considerable routine business was transacted.

## ROSEMONT NOTES.

Bright and early this snowy morning the Rosemont Company, had a horse snow-plow at work cleaning up the streets and a force of men at work cleaning the sidewalks. With a bright open fire going in the station and the platforms cleaned, conditions were up to the usual high standard of Rosemont. It might be said the "Rosemont standard." Last week fine sturdy 12-foot maple trees were set out on all the streets, and flowering shrubs were planted in clumps in the parking on Rosemont avenue. Varieties were interspersed, so that there will be blooming plants all through the summer throughout the entire length of Rosemont avenue.

## SUDDEN DEATH.

Mrs. Jessie Turner, wife of Mr. Luther Turner, died suddenly at the Braddock House at an early hour this morning. The deceased leaves behind her husband, several children. Mrs. Turner died at six o'clock this morning and was buried at the same place. The deceased was about 50 years old.

## SMOKER.

The Friendship Veteran Fire Association will meet at its hall tomorrow evening for the annual election of officers. After the transaction of business the members will be tendered an oyster supper and smoker. The officers, and a special committee, are anxious to have the old and young members of the association present. The hall has recently been painted and papered and is attractive and pleasant.

## CHARITY BALL.

All arrangements for the dance at Elks' Home tomorrow night have been completed and nothing has been left undone to make this one of the finest affairs of the season. Prof. Leon Cohen's orchestra has been engaged and will discourse all the latest waltzes and two steps. No invitations were sent out for the dance, and cards of admission can be procured from the committee. This applies to those who are not Elks. The committee in charge of this affair are: Messrs. Jerome Kaufmann, Harry Quinn, George Bontz Jr., and Harry Dachs-lager.

## SMALLPOX.

Placards bearing the inscription "smallpox" have been placed on the doors of several residences during the past few days, but this has caused no alarm. The disease in every instance is of the mildest type and the parties are not confined to their beds. Owing to several cases of the disease in West End the public school of that village was closed yesterday, but it is expected it will soon be reopened.

## SMITH'S PICTURES.

Last night all those who attended the show pronounced Smith's pictures as being first class in every way, all being fully repaid for coming out on such a disagreeable night. There will be another good display of pictures to-night when 2,000 feet will be exhibited, viz: "That Girl," "The Children's Revolt," "Hank and Hank take a rest," and "The Bonquet." After the show the drawing will take place.

## Snow Plow and Train Collision.

Wilmington, Del., Dec. 6.—A big snow plow and a passenger train on the Newark & Delaware City branch of the Philadelphia, Baltimore & Washington Railroad collided head-on this morning, about a mile from Porters station, 15 miles below this city. Two men were hurt—H. W. Jones, fireman on the snow plow, and John W. Mack, a salesman of Philadelphia.

There were only five passengers on the train and the remaining four were badly shaken up, but aside from bruises were not seriously hurt. A special train with doctors was rushed from the city to the scene, but they were not needed.

## Froze to Death.

Burmington, R. I., Dec. 6.—The body of a well dressed man believed to be Thomas Mansfield, of Elizabeth, was found in a shack at Florence Heights today. He had frozen to death. When Buying Fuel

The consumer must always figure on the actual amount of heat and comfort that is gotten for the money spent. We believe that our connections of long standing, coupled with the large amount of fuel that we buy, make it possible for us to sell the very highest grades of Coal and Wood at prices that are cheapest to the consumer. A trial order of our Coal and Wood, or an opinion from some of our satisfied customers, will prove that our idea of putting quality first is correct.
